During the time of your membership, your data will be stored on electronic data carriers for administration purposes only. The data will be encrypted and password protected to prevent the abuse of data. The direct debit authorization can be revoked by written notification with a notice period of four weeks to the end of a school year. It automatically expires when your child leaves our school or if the membership is terminated. The debited amount corresponds to the one on your invoice.

Support Association

of
Protestant Primary School
Pahlkestraße

The Friends and Supporters Association (Verein der Freunde und Förderer)

The Friends and Supporters Association (FSA) was founded by committed parents in 1985. Since then, generations of parents have helped the children of our school to gain first experience with school life.

The FSA strives to enrich the school days of the children through cultural events and material support.

It is our aim, within the frame of our possibilities, to foster and help all children at our school.

**Please support the FSA
through your membership.**

Take a look around - everywhere in the school you will find „traces“ of our activities (updated 2023)

Projects which are done or ongoing in July 2023

- design and organization of the school garden
- organize iPad-charging bags for all classes
- decoration of the hallways

as well as more activities that may be become necessary during a school year. Furthermore there numerous „invisible“ activities, often in cooperation with the parents' committee and the school management:

- organization of school events/festivals/celebrations
- celebration of St Martin's Day
- class photographs

and, last but not least, the contributions to the cake buffet on the induction day, in cooperation with the 2nd classes of the year and the parents Association.
